

ATM Vestibule

MAGNETIC STRIPE CARD READER

The ATM Vestibule Magnetic Stripe Card Reader offers added safety and security for ATM users. Reader faceplates are manufactured from high quality anodized aluminum which complements the aesthetics of any branch and retains its like-new appearance for many years. Available in midrail and mullion versions to accommodate all configurations. Integrates easily with power door operators and supports a remote day/night keyswitch.

ATM Vestibule

MAGNETIC STRIPE CARD READER

FEATURES & BENEFITS

- Controls access to ATM vestibules, ensuring safety and security of users
- Reads the magnetic stripe on the back of any track 2 bank card
- Superior outdoor durability provides high reliability in even the harshest of weather conditions
- Fiber-reinforced polycarbonate card reader cartridge is highly impact resistant over a wide range of temperatures
- Available in midrail, mullion and synergistics-size models for a variety of mounting options
- Sonalert and bi-colour LED provide auditory and visual signals of access granted or denied
- Designed for easy integration with automatic door operators for handicap access feature
- Day/night mode allows free access during the day while requiring a valid bank card for night access
